# Message from the Rector

Dear students,

I am delighted to welcome you to the ranks of Tashkent International University of Financial Management and Technologies. You are currently living through the most beautiful and joyous moments of your life, for indeed, being a student is truly a golden era.

Despite being a young university, we have already achieved significant recognition, ranking first among private universities in the Round University Ranking and UI Greenmetric rankings. We guarantee that you, our valued students, will receive the latest knowledge in your field from our capable professors and mentors. We are confident that you will be the ones to shape the bright future of our Motherland.

Today, our university educates over 10,000 students, and the number of young people seeking higher education continues to grow each year. This increasing demand places greater responsibility on us, the university community, and we are incredibly proud to work tirelessly to deliver talented professionals who will contribute to the development of our country.

Dear student, once again, congratulations on your student life! May your confidence in yourself and your education never fade.

*Azizkhon Nodirov*

Rector of TIFT University

*We greatly value your presence.*

**Ilham Tuah Illias**  
Ambassador of Malaysia to Uzbekistan

"I am Ilham Tuah Illias, the Ambassador of Malaysia to Uzbekistan, and I am thrilled to make my first visit to TIFT University. It is a pleasure to meet with the leadership here and witness the impressive, modern facilities firsthand. Education is a cornerstone of the cooperation between Malaysia and Uzbekistan, characterized by a robust exchange of students and educational initiatives. This engagement is crucial for enhancing the educational standards and capacity of both nations.

I am particularly impressed with the large number of English-speaking students at TIFT. This linguistic strength is essential for global integration and significantly enhances our collaborative potential. It aligns well with the goals and standards set by President, His Excellency Shavkat Mirziyoyev and supports our shared educational objectives.

Malaysia is a gateway to Southeast and South Asia, while Uzbekistan serves as our bridge to Central Asia. This strategic positioning facilitates vast opportunities for collaboration across diverse sectors including medicine, tourism, history, and architecture. I am optimistic about our future partnerships, where TIFT and Malaysian universities will work closely to advance educational development.

I am confident that our collaborative efforts will significantly advance our nations' progress in these endeavors. I look forward to witnessing the fruitful results of our joint efforts, which promise to greatly benefit both nations."

# TRAININGS AND MASTER-CLASSES

Tashkent International University of Financial Management and Technologies consistently organizes training sessions, masterclasses, and scientific seminars for its students and staff. These events provide vital interactions with practitioners, renowned journalists, artists, government and organization leaders, and athletes, offering students a firsthand look at the achievements attainable through education. Such interactions serve as a significant motivational force, demonstrating the potential successes of academic and professional pursuits. The university hosts these enriching encounters weekly, fostering an environment of continuous learning and inspiration. Additionally, the "Guest Lecture" project promotes further professional development by allowing students to gain international experience and informing them about grants and opportunities both in Uzbekistan and abroad.
